

Job Vacancy

Title: **Site Ranger**

Position Code: **RBG-2024-02**

The **Royal Botanic Garden** (RBG) is looking for passionate, dedicated, and skilled **Site Rangers** to join our team at the Tell Al Rumman site. This role is essential in enhancing the visitor experience, ensuring adherence to site regulations, and protecting our natural environment, while supporting RBG's mission of conservation and environmental awareness.

Key Responsibilities:

- Greet visitors, provide information, and conduct guided tours highlighting the garden's features.
- Educate visitors on plant conservation, biodiversity, and sustainable practices.
- Patrol the site to enforce rules, protect the environment, and address safety concerns.
- Perform site maintenance, including checking trails and facilities.
- Respond to emergencies, including first aid, CPR, and fire assistance.
- Prepare and deliver reports, technical documents and presentations about the RBG site.
- Support the delivery of activities, training and events undertaken with the stakeholders.
- Identify, assess and control hazards at all locations inside the garden.
- Respond to enquiries and provide technical, specialized advice to RBG staff as requested.
- Ensure that equipment and materials are maintained and secure.
- Implement all tasks requested by the direct manager in accordance with the annual plan.

Requirements:

- **Education:** Bachelor's degree in Natural Resources, Forestry, Conservation Science, Environmental Science, Ecotourism, Botany, Ecology, Biology, Horticulture, Agronomy, or Plant Production.
- **Experience:** At least two years of proven experience in environmental conservation, park management, or related fields, including public interaction roles like customer service or tour guiding. This includes hands-on experience in environmental education, conducting tours, and familiarity with site maintenance, facilities management, and occupational safety.
- **Certifications:** Candidates must have certifications in emergency response, including First Aid and CPR, along with relevant experience
- **Physical Fitness:** Ability and experience working outdoors in various demanding environments.
- **Skills & Abilities:**
 - Strong communication and interpersonal skills, high initiative, efficiency, and ability to work with minimal guidance.
 - Excellent organizational, reporting, and teamwork abilities, capable of working efficiently under pressure to meet deadlines.
 - Proficient in Microsoft Office and skilled in using custom databases.
- **Languages:** Proficient in both Arabic and English, with excellent communication skills.

Important Note: This position requires flexible out-of-hours work, including weekends and holidays. Field and remote work will also be necessary, and workload priorities may shift based on seasonal conditions.

Interested candidates who meet the required qualifications are invited to submit their CVs to hr@royalbotanicgarden.org by **October 10, 2024**.

Please ensure that the job title and code are included in the subject line of your email. **Applications that do not include this information will not be considered.**
